Where Do We Go From Here?

CFLCC (Atlanta)/DDC need a MOA to Assign Responsibilities, Points of Contact, Actions, Data, and Means Needed to Maintain the Current Route Plan

Establish Continuous Communications Between ARCENT and DDC for Effective Support of Warfighter.

- Streamline Preplanning Process
- Early Notification of New Rotational DoD
- Notification of Removal of SSAs From Ro
- Timely Updates to DAASC When Unit Moves
- Need to Officially Indoctrinate the Route Plan into Peacetime and Wartime Plans and Procedures (Long Range)
